

thyssenkrupp is an international group of companies comprising largely independent industrial and technology businesses and employing more than 100,000 people. Across 56 countries it generated sales of €34 billion in fiscal 2020/2021. Backed by extensive technological know-how, the businesses and all employees develop cost-effective and resource-friendly solutions to the challenges of the future, especially in the fields of climate protection, the energy transition, digital transformation in the industry and mobility of the future. Under the umbrella brand thyssenkrupp, the group creates long-term value with innovative products, technologies and services and helps make life better for future generations.

## Customer Innovation Project Manager (m/w/divers)

thyssenkrupp Materials Services GmbH, Essen

thyssenkrupp Materials Services is the biggest mill-independent materials distributor and service provider in the Western world with around 380 locations – including around 260 warehouse sites – in more than 30 countries. The versatile range of services offered by the materials experts allows customers to focus even more strongly on their individual core businesses. As part of its strategic further development "Materials as a Service" the company is focusing on the supply of raw materials and materials as well as products and services in the area of supply chain management. Digital solutions ensure efficient and resource-saving processes for customers and thus provide the basis for sustainable action. From 2030 Materials Services will operate on a climate-neutral basis.

### Your responsibilities

- Support in managing customer innovation projects, i.e. building new products, services or corporate ventures together with product owners and innovation teams
- Monitoring and attainment of project-specific KPIs and milestones
- Acquisition of relevant partners (e.g. product development, engineering, distribution, media etc.)
- Support in know-how-transfer both into the Tribe Customer Innovation as well as the thyssenkrupp Materials Services organization

### Your Profile

- 1+ years experienced professional in Customer-centric Innovation and/or business model innovation
- Exceptional degree in Business Administration, IT (or equivalent)
- First experience in corporate venture and/or company builder context
- Strong interest in digital business models, technologies and the tech ecosystems' stakeholders
- Strong project management skills
- Excellent communication (verbal and written) as well as strong presentation skills
- Technology affinity: AI, 5G, Cloud, CRM, ERP, ...
- Fluency in English, spoken and written

### Your benefits with us

- Working in an agile project environment
- Work in a highly motivated team and exceptional company culture driven by pioneer-thinking and talent that exceeds department and hierarchies
- Mobile work is possible
